## S.1072
## POLE TOP BRACKET FOR POINTER AND MEGAPOINTER

Galvanized and painted steel pole-top bracket, suitable for the installation of 4+4 Pointer floodlights or 2+2 Megapointer floodlights, which can be positioned both on the upper and lower sides of the bracket. Fixing hardware for mounting the floodlights to the bracket is included. The bracket is equipped with a Ø108 mm spigot, designed for insertion into a Ø120 mm pole. The bracket is fixed to the pole using no. 2 screws, included; the pole must be drilled on site.
Zubehör in folgenden Farben erhältlich: Anthrazitgrau (cod.24)
